Term Faced by Officials of Steamship Line for Conspiracy

TO DEFRAUD THE U. S. GOVERNMENT

Sentenced to Year and a Half in Penitentiary

BAIL FOR DEFENDANTS

Fixed at \$10,000 in Each Case and All Will Be Carried to Higher Courts—Investigation Begun Last Winter By Government Into Chartering and Sinking of Vessels.

(Associated Press Telegram) New York, December 4.—Dr. Karl Bueuz, George Kotter and Adolph Hachmeister of the Hamburg-American line recently convicted of conspiracy to defraud the United States government, were sentenced today to serve one and a half years in the federal penitentiary at Atlanta. Joseph Poppinghaus was sentenced to one year.

The Hamburg-American line was fined one dollar.

All the defendants were admitted to bail pending the suing out of a writ in their behalf.

In sentencing Dr. Bueuz, Judge Howe announced that if the sentence was confirmed in the higher courts he would be willing to support any move to obtain clemency on the ground of the advanced age of the prisoner.

"This case," said Judge Howe, "will undoubtedly be taken to the court of appeals and the U. S. supreme court. If sentence is affirmed and it is claimed that imprisonment would be a peril to Dr. Bueuz on account of his advanced age, the case will be referred to the executive department of the government. This court will be willing to take any action that may be desirable in support of such a move."

The maximum penalty which could have been imposed on the prisoners under each indictment was two years imprisonment and a fine of \$10,000. Each was indicted on two counts but Judge Howe declared that he considered both indictments to cover one offense.

The trial of Dr. Bueuz and his associates was the culmination of an investigation begun last winter by federal agents into the chartering and sailing of certain vessels from American ports during August, September and December, 1914. It was charged that these vessels, concealing their purpose by false manifests and clearance papers, were engaged in supplying provisions to German cruisers which were raiding British ocean commerce.

Sixteen vessels in all were investigated. Some of them were captured by British warships at sea far from the course on which they ostensibly sailed. Others were reported at ports very different from those for which they cleared. In one instance at least that of the American steamer Berwind, it was proved that the ship had transferred supplies to two German cruisers.

Bail was fixed at \$10,000 in each case and was accepted from a surety company. Sentence was pronounced after Judge Howe had overruled motions by William Rand, Jr., chief counsel for the defense for dismissal of the verdict on the ground that it was contrary to the evidence and law in the case. In making his motion Mr. Rand said he had little hope that it would be entertained by the court.

United States District Attorney L. Snowden Marshall in moving for sentence said it was his painful duty to ask for substantial punishment not so much for its effects on the defendants but to serve as a warning to others.

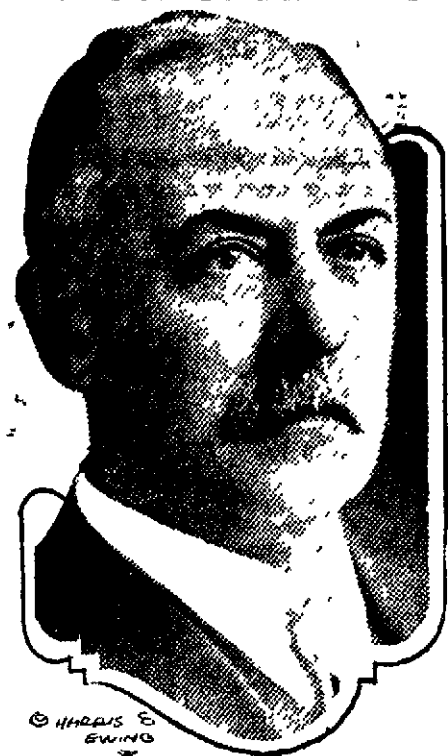

None of the defendants showed any emotion when sentence was pronounced. Prior to the opening of court they were surrounded by a number of sympathizers with whom they chatted freely. Dr. Bueuz told his listeners that his only regret was that the American people would believe that he had done anything wrong, or had anything but the kindest feelings for this country.

PEACE SHIP SAILS WITH 140 GUESTS

(Associated Press Telegram) New York, Dec. 4.—Henry Ford and more than eighty peace advocates sailed from here today on the steamer Oscar II for Christianland, Norway. The party was accompanied by fifty-seven newspaper correspondents and photographers, and more than twenty general assistants, secretaries and stenographers.

Mr. Ford and his staff were busy at their headquarters until the last minute, but when they left for Hoboken to board the Oscar II it was stated that all arrangements were completed and that there would be no delay in the sailing of the peace ship.

The last bunch of passports arrived from Washington today.

Before sailing, Mr. Ford issued what he called a farewell statement. "I am sailing with the firm belief," he said, "that great good will come of this mission."

"It will keep alive the thought that peace is possible as well as desirable and so long as that is done hope of peace exists."

I know little of the details of the working plan of the peace conference, but I do know that every effort will be made for an honorable and early peace. If this peace conference succeeds only in bringing about a beginning of negotiations for peace, it will have accomplished a good work.

"My heart is in this work for peace and it is for this reason that I have stood behind the ship and helped the people reach a common meeting place to discuss the possibilities of peace with the representatives of other neutral countries."

"We are leaving on time and leaving with the feeling that those parts of the world now at peace and at war have heard of the plan and are in sympathy with the move and that the best wishes of the great majority go with us."

Of the governors invited, so far as announced, L. B. Hanna of North Dakota, was the only one to accept. William J. Bryan declined to accompany the party but said he hoped to join them at The Hague, a few weeks later.

In the list of envoys given out by Mr. Ford's assistants are: The Rev. Charles F. Aked, of San Francisco; Lieutenant Governor A. J. Bathea, of South Carolina; Mrs. Inez Milholland Boissier; Frederick Holt, Detroit; T. A. Hosteller, Washington; the Rev. Jenkins L. Jones, Chicago; the Rev. Samuel S. Marquis, dean of St. Paul's cathedral, Detroit; Louis Maverick, Winnetka, Ill.; George F. Milton, Chattanooga, Tenn.; E. H. Molthan, Williamstown, Mass.; Henry C. L. Morris, of Chicago; Senator Helen R. Robinson, Denver; T. Monroe Smock, New Plymouth, Idaho; Charles D. Thompson, Chicago, Neb.; the Rev. W. M. Wright, Little Rock, Ark.; and Lars Nelson, of New York.

Twenty-three members of the party are women. One of these is Miss Elvira Ryan of Columbus, O., a student at Ohio State University.

Students from Yale, Vassar, Barnard, Dartmouth, Oberlin, Williams, Vanderbilt and Columbia, and the universities of Kansas, Ohio, Pennsylvania, Nebraska, Michigan and Texas accompany the expedition.

NO GROUND FOR ACTION.

(Associated Press Telegram) Washington, December 4.—Federal investigation of the recent explosion in the Du Pont Powder works at Wilmington, Delaware, has developed that there is apparently no ground for action taken by the department of justice. No further inquiry by the government is probable at this time.

GIGANTIC

Graft Unearthed by the Indictment of Fifty-four Men

BAIL OF \$10,000,000 IS DEMANDED

For Defendants' Release By Assistant State's Atty.

CHARGE OF EXHORTION

Conspiracy and Malicious Mischief—Claimed That Amount of Tribute Collected Will Reach Total of Nearly Half a Million—City Divided Into Nine Sections for Blackmailing

(Associated Press Telegram) Chicago, Dec. 4.—When the 54 defendants named in the indictment charging them with alleged graft appear in court today bail aggregating \$10,500,000 will be demanded for their release, Charles C. Case, assistant state's attorney announced. The bail demanded by the state's attorney is \$195,000 from each defendant. There are 694 counts against each defendant—47 of whom are officials and members of the building trades unions, two are saloonkeepers, two bartenders, two plate glass dealers and one electrical contractor. They are charged with extortion, conspiracy and malicious mischief. The indictments were returned by the grand jury last night. It is charged that the amount of tribute collected by the indicted men totals nearly \$500,000.

Chicago was divided into nine sections for the purpose of blackmail, according to the state's attorney. Over each of these nine districts presides an official who directed persecution against contracting and property owners.

Testimony before the grand jury wove a long tale of intimidation, extortion and the harassment of persons who declined to submit to the demands of certain union business agents and their alleged associates, according to county officers.

The return of the bills in Judge Burke's branch of the criminal court was preceded by a raid in which detectives gathered up a number of the defendants who, it had been rumored, were about to leave the city.

Frank Comerford, Benedict J. Short and William A. Cunnea appeared for the defendants and promised to surrender their clients in open court today.

Evidence presented to the grand jury purported to show that where contractors or property owners fell out with the business agents of the unions, the windows of their places would be smashed by crews which traveled about in automobiles for the purpose.

It was alleged that the victim, to stop persecution, had to go to John B. Johnson's saloon on the West Side, where the alleged extortioners made their headquarters, and settle. Until he did so, it is charged, the plate glass dealers involved would refuse to replace broken windows.

Those indicted included the business agent of the Lathers', Painters', Electrical Workers', Sheet Metal Workers', Glaziers' and Hardwood Finishers' unions.

Other defendants included Johnson, the saloonkeeper, and one of his bartenders named McQuade; Hyman Kellman and Israel Schor, plate glass manufacturers, and a list of union members and sluggers.

Among the men indicted were William E. Geimer, president of Painters District Council No. 14, and Thomas Redding, president of the Sheet Metal Workers' union. The imposing proportions of the aggregate bail were due to the fact that each of the defendants was named jointly in each of the indictments.

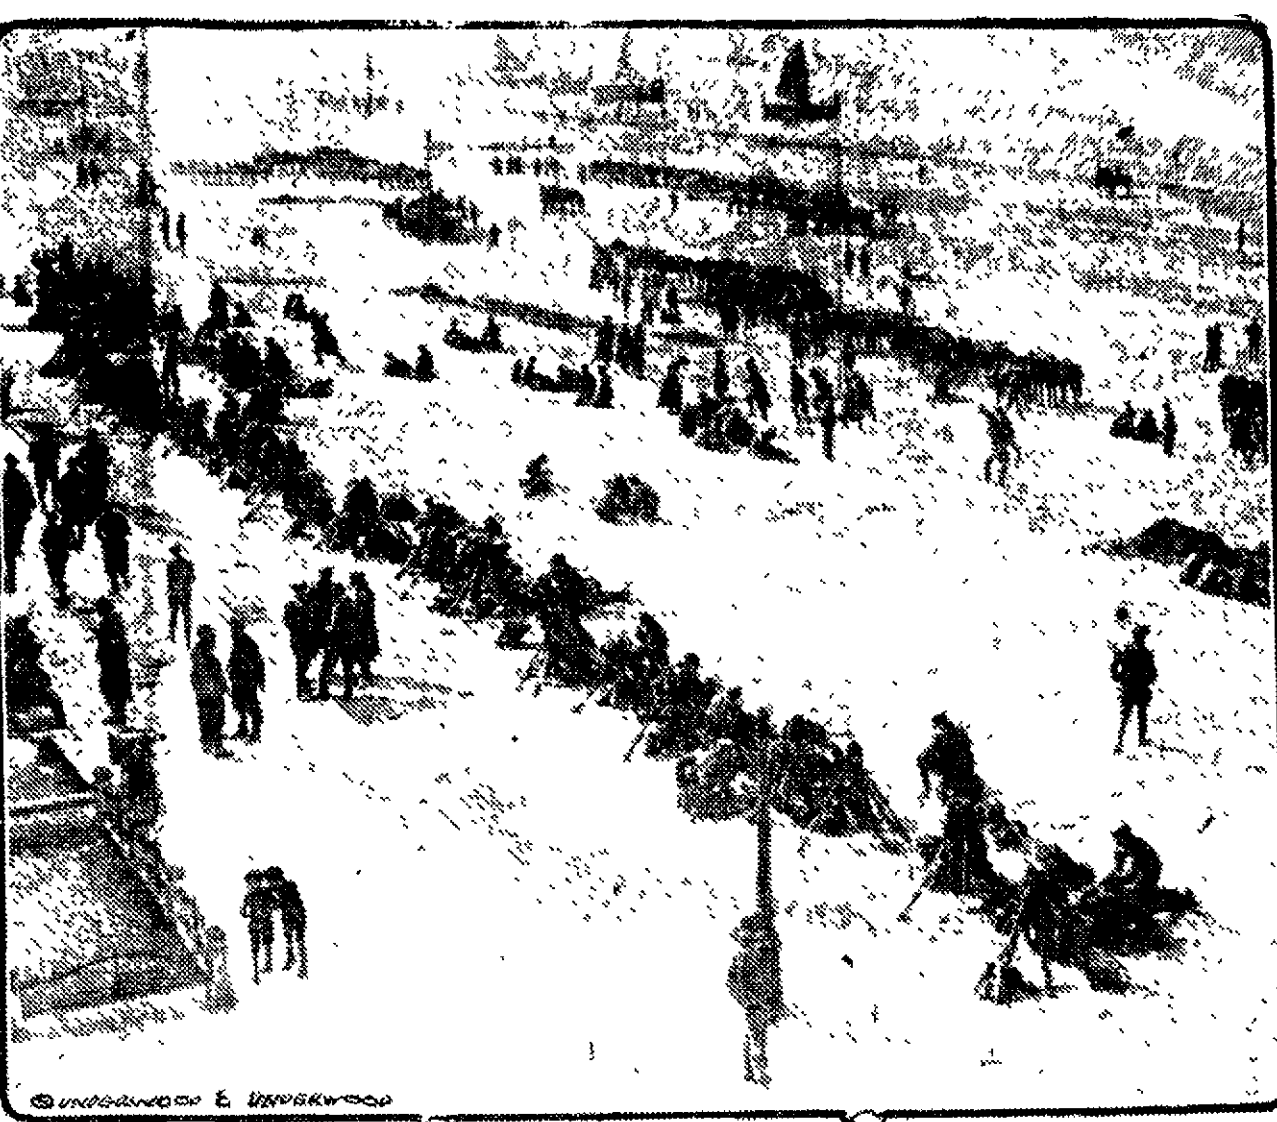

As outlined in the indictments the general plan of procedure in the alleged extortion cases was to call a strike. The contractor would inquire for the trouble and would be informed that nonunion material was being used, or some fictitious or trivial grievance cited. He would be informed that the trouble could be settled for a certain sum, usually \$500.

The sum alleged to have been extorted ranged from \$10 to \$10,000. If the contractor tried to argue the matter the money demanded was increased.

(Associated Press Telegram) Columbus, Dec. 4.—The condition of Miss Marie Gagle, superintendent of Columbus high schools, was reported today as growing steadily worse. Miss Gagle, who came to Columbus more than a year ago from Toledo, is widely known in educational circles of the state. She was taken to a hospital a week ago.

DENY REPORT THAT GERMANY SEEKS PEACE

(Associated Press Telegram) Berlin, Dec. 4.—By wireless to Sayville.—Another statement bearing on Germany's reported desire for peace was issued today by the Overseas News Agency. The reports of German peace proposals are again denied.

The news agency also contradicts the assertion that Emperor William is to go to Constantinople.

"French newspapers make it appear that Germany is always looking for peace when she had obtained a military success, but the reverse of the truth."

"It is true that every time France has suffered reverses on the battlefield or in diplomacy, the French newspapers have invented reports of German peace proposals in order to revive the spirits of the French people. This is the reason why at the present time the news is being spread all over the world that Germany is seeking peace; why invented reports concerning the mission in Switzerland of Prince Von Buelow former German chancellor are being disseminated and why similar allegations are made concerning the intentions of various persons."

"All these rumors are as untrue as the report concerning the coming trip of Emperor William to Constantinople. This inventive activity demonstrates the severity of the defeats suffered by Germany's enemies."

MANY DYING FROM HUNGER AND EXPOSURE

(Associated Press Telegram) Athens, Dec. 4.—Via Paris, Dec. 4.—Public opinion is veering towards the fullest acceptance of the demands of the entente powers. While the government is hesitating in framing its reply thousands of refugees are arriving in Florida after tramping through deep snow from Monastir. All buildings are crowded and hundreds are without shelter. Children are dying from hunger and exposure. The municipal treasury has been emptied, and appeals for aid have been made to Athens.

SUBMARINES ARE STILL ACTIVE IN MEDITERRANEAN.

(Associated Press Telegram) London, Dec. 4.—Two more British steamships have been sunk in the Mediterranean by submarines. They are the Middleton and the Clan MacLeod. Four men on the Middleton were killed and one was wounded. Nineteen were landed at Malta. There are no records of the recent movements of the Middleton, which presumably was in the service of the British government. She was 304 feet long, 2,500 tons gross, built in 1895 and owned in Hull.

The Clan MacLeod was last reported at Port Said September 26. She was owned in Glasgow, was 395 feet long, 4,796 tons gross and built in 1903.

VERONA WAS CHASED BY SUBMARINE

(Associated Press Telegram) New York, Dec. 4.—Capt. Simone Guli of the Italian steamer Verona, which arrived here today after having been chased by a submarine in the Mediterranean on November 19, said a heavy sea which caused the submarine to roll and pitch was the chief factor in enabling the steamer to elude the undersea boat. Captain Guli said the submarine did not fly a flag, nor did it appear to have a number and he said there was no way he could tell whether it was German or Austrian. Other officers, however, expressed the belief that the craft was a German U-boat.

"We were about 110 miles west of the straits of Bonafaci," said Captain Guli, "when a large submarine appeared on the surface about two miles off our starboard side and slightly astern. There were no signals, was not heavy enough to materially bother the Verona, it caused the submarine to roll and pitch, and the crew were unable to aim either of the two deck guns at us. We saw the submarine crew go below and although it was a close race for more than an hour and a half, we felt comparatively safe for we were confident the submarine could not accurately fire a torpedo in such a sea."

"As soon as I sighted the submarine, I sent wireless reports to all ships and shore stations, but I did not ask for assistance, as I did not have any passengers aboard and did not think the Verona was in danger. I received a radio message saying a French torpedo boat destroyer had gone in search of the submarine."

"Shortly after 5:30 o'clock it became dark and after continuing on my course a short distance, I cut a wide semi-circle and completely lost the submarine."

EXPOSITION AT SAN FRANCISCO CLOSES TODAY

(Associated Press Telegram) San Francisco, Dec. 4.—Today is the last day of the Panama-Pacific exposition. The sounding of "taps" from the tower of Jewels, the pressing of a button by C. C. Moore, president, that will extinguish the light of the "Jewel City," the hauling down of the flags and the firing of banners, and the singing of Auld Lang Syne, are to be the final and concluding acts of the exposition which opened February 20.

A record-breaking crowd is expected to attend the ceremonies.

ADVANCE IN THE PRICE OF PAPER.

New York, Dec. 4.—Paper jobbers here received word from leading paper manufacturers today that the price of colored papers had been advanced from half a cent to four cents a pound, according to the grade. The greatest advance is in coarse grades. Writing paper, envelopes, colored paper used on printing presses, sand-paper and drawing-papers share in the rise.

White paper also is affected by the advance, it is announced.

RECOMMEND CADIZ, O. FOR NEW NORMAL

(Associated Press Telegram) Columbus, Dec. 4.—After refusing for twenty-four hours past to open the report on the special commission in charge of the selection of a site for a new state normal school in eastern Ohio, Governor Willis upon urgent requests of representatives of some of the towns this afternoon broke the seal on the envelope containing the report. The governor announced that the report, as had been forecast, recommended Cadiz, as the proposed site.

Governor Willis yesterday announced he would not open the report but would allow the next legislature to do this, on the ground that the commission had been allowed no funds for travelling expenses and therefore had been given no opportunity to make thorough inspection of proposed sites.

Governor Willis commended the committee for refusing to allow interests in various communities to pay their expenses on inspection tours.

SENATOR CLARK IS PRESIDENT PRO TEMPORE

(Associated Press Telegram) Washington, Dec. 4.—With the fight over the presidency pro tempore settled by the renomination of Senator Clark of Arkansas, Democrats of the senate in caucus again today turned their attention to cloture. The contest over the selection of a president pro tempore which lasted for five days, came to an hour-long ending late yesterday. Senator Clark will be chosen over his opponent Senator Pomerene of Ohio by a vote of 23 to 23. The caucus agreed to vote on cloture at five p. m. today.

USE GRECIAN MACEDONIA, AS ALLIES BASE.

(Associated Press Telegram) London, Dec. 4.—"Virtually the whole of Grecian Macedonia has been handed over to the allies as a war base," says the Berlin Tageblatt as quoted in a Copenhagen dispatch to the Exchange Telegraph company. "Greece has agreed to give the allies free use of the railroad in this territory, as well as of the Aegean harbors including Kavala."

"Greece declines, however, to disarm troops of the central powers if they pursued allied troops on Grecian territory."

RUMORS

Of a Russian Diversion Against Bulgarians Not Confirmed

INVASION CAUSES NO CONCERN TO

Bulgaria Whose Soldiers Cross Hungary

TO ITALIAN FRONTIER

Northern and Southern Divisions Are Established in Albania—Serb Forces in Defense of Monastir Reach French Camp at Gioyglei—Greece Grants Concessions to Allies.

(Associated Press Telegram) London, Dec. 4.—The much rumored Russian diversion against the Bulgarians, has not materialized, but the fact that no Russian official statement was issued last night gave rise to hopes in London that it was being withheld in order to chronicle this new phase of the Balkan campaign.

At the same time reports have reached here from Bucharest that three Bulgarian divisions crossed Hungary enroute to the Italian or western front, which, if true, would seem to indicate that Bulgaria does not fear a Russian invasion.

Reports of such a shift on the part of the Bulgarians are as vague however, as the report that Austro-German troops had been rushed from other quarters eastward to face the new Russian menace.

Dispatches from several sources assert that both the northern and southern armies are established in Albania, while forces of the Serbs who evidently formed part of the defenders of Monastir have reached the French camp at Gioyglei in Serbian territory near the Greek frontier, not far from Saloniki.

A feeling of optimism over the near eastern situation seems to be growing here but outwardly there is little to justify it except the theory that the Russian onslaught against Bulgaria will quickly crystallize, while entente diplomatic negotiations in Greece again seem to be progressing favorably.

From German sources news has been received that Greece has granted the allies absolute control of the railroads in Macedonia, together with certain ports on the Aegean sea, thus assuring them an undisturbed base of operations.

NO GUARDIAN FOR THE AGED MILLIONAIRE

(Associated Press Telegram) Pittsburgh, Pa., Dec. 4.—Judge J. J. Miller, in court here today denied the petition for the appointment of a guardian for Henry Denniston, the aged millionaire recluse, some of whose relatives sought to have the management of his affairs taken out of his hands. Denniston, who witnesses said was worth \$150,000 lived in a house of three rooms at Swissvale, a suburb, after the Denniston homestead had been destroyed by fire. This fact together with the allegation that Denniston "contemplated matrimony" were cited in the petition as proof that he was unable to properly care for his fortune.

BROMINE BRINGS WEALTH TO SALT MANUFACTURER

(Associated Press Telegram) Wheeling, W. Va., Dec. 4.—With a check for \$20,000 in his pocket, E. C. Smith, a salt manufacturer of Hartford, W. Va., said here today that he had just sold to the German government twenty tons of bromine for \$5 a pound. Bromine before the European war was largely used for medicinal purposes, Germany producing fully 80 per cent of the world's output at about 25 cents a pound.

R. A. White has purchased the room formerly occupied by Haynes Bros. jewelry store in North Park Place. It is understood the consideration was \$15,000. Mr. White has not announced his plans as to the future of the room.

Granville, Ohio, December 4.—The members of Sigma Chi fraternity, whose hospitality has been proved in so many ways, entertained their Shepardon college friends with a game breakfast of handsome appointments this morning at the chapter house in Broadway at eight o'clock. Covers were laid for forty-six, those besides the men of the chapter who were present being: Mrs. Eugenia Finley, Miss Wickenden, Misses Katharine Olney, Mary McDonald, Miss Winters, Miss Titt, Miss Putnam, Miss Bumgardeen, Miss Walsh, Miss Gibbons, Miss Sanford, Miss Brumback, Miss Russell, Miss Hamilton, Miss Robinson, Miss Tipton, Miss Karnes, Miss Corra, Miss McCall, Miss Meyer, Misses Louise Mack and Florence Hunt.

Mrs. C. J. Rose while on her way to the Baptist church yesterday afternoon where she was to preside at the meeting of the Women's Missionary organization, had the misfortune to slip and fall. As she was within only two squares of her destination, she insisted upon going on. However, it was soon demonstrated that she was injured more severely than she had at first supposed. A doctor was summoned who vetoed her further efforts to carry out her program and she was taken to her home in West Elm street, where she is now confined to her bed. Although badly bruised and wrenched by the fall, there seems to be no fracture nor dislocation, and her rapid recovery is hoped for by her family and hosts of friends.

The women of the Women's Missionary organization of the Baptist church enjoyed one of their finest programs yesterday afternoon the parlors of the church from 2:30 to 5 o'clock. The only break in the program as previously announced, was the accident to the leader, Mrs. C. J. Rose, who was prevented from taking the important part assigned her. Miss Charlotte Clark, of the Fanny Doane Home acted as leader in Mrs. Rose's place. A delegation from the missionary society of the Welsh Hills Baptist church was present and received a warm welcome in a gracefully worded speech by Miss Clark, and also in a few words of greeting from the president, Mrs. Robert Biggs. The program as rendered is given below:

Devotional service—Mrs. B. F. Griffith.

The King's Daughters of Granville scored another great success yesterday at the bazaar held in their rooms in Linden flats, which lasted during the afternoon and evening.

With hundreds of callers and scores of buyers, Miss Lilly Jones, the efficient president, stated that the sales alone without the generous donations from patrons amounted to about \$150, but that expenses were yet to be paid out of that sum. There are still some articles left unsold which they expect to dispose of this afternoon. A complete financial report can not be made before next week.

The 80th birthday of Mr. John Aiken was delightfully celebrated at his home on the Newark road yesterday by a dinner given to the following neighbors and friends: Mr. and Mrs. E. F. Hobart, Mr. and Mrs. John McClain, Dr. and Mrs. Burns, Mrs. Julia Watkins and daughter, Miss Gwendolyn, Miss Eva Robinson and Miss Ann Inglis.

In the Baptist church tomorrow Dr. Shailer Matthews of Chicago, will be present and speak at both morning and evening services. An invitation to hear this eminent man is extended to all, especially for the evening service.

IS IN CHARGE OF IMPORTANT LINE OF WORK

E. R. McFarland, formerly of Toboso, this county, has been placed in charge of a branch of one of the most important projects undertaken in recent years by the federal government. He has been appointed superintendent of construction and maintenance of telephone and telegraph lines along the new railroad being built from the coast to the interior of Alaska.

Mr. McFarland has been in Alaska for several years. Since 1911 he has been in charge of telegraph construction for the government in Alaska, and when the proposed government railroad was started, he was placed in charge of the system of communication.

For next year's work on this big enterprise, the commission having this work in charge, will ask congress at this session for \$12,000,000 of the \$33,000,000 already appropriated.

BIG CROWDS IN ATTENDANCE AT CENTRAL CHURCH

Tomorrow will be another big day at the revival now in progress at the Central Church of Christ under the leadership of Evangelist Roy L. Brown and his helpers. The audiences from night to night have evidenced the interest, and everyone seems happy in the work. There have been accessions from night to night, and there is every indication that tomorrow will see another ingathering.

It will be a busy day at the church. There will be six services during the day. Evangelist Brown will speak five times, and Mrs. Brown, wife of the evangelist will speak once.

At the morning hour the subject will be a very interesting one, "An Old man's Reminiscence." The whole church membership should be present.

At 3 p. m. there will be a big double service at the church. Under the auspices of the Christian Men's Union a meeting for men only will be held in the auditorium, and Evangelist Brown will speak on "A Lost-Sided Man." There should be a great crowd here the lecture-sermon.

At the same hour Mrs. Brown will speak to the women in the basement. This will be a fine service too. There will be special music at all services.

Prof. William Leigh, the soloist, will render special numbers at all services, assisted in the music by R. Leighton Brown, the cornetist.

At night, beginning at 7 o'clock there will be a great song service. There will be baptismal services at the evening hour. Evangelist Brown will give a strong sermon on "Conversion" at the night service.

There will be the usual service to-night at 7:30, but it will only last an hour so all are urged to come.

WEDDING

OF PRESIDENT WILSON AND MRS. NORMAN GALT ANNOUNCED FOR DEC. 18.

Will be no Display and But Few Guests—Will Spend Honeymoon in the South.

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 4.—President Wilson and Mrs. Norman Galt will be married on Saturday, Dec. 18, at Mrs. Galt's home here, according to formal announcement made today at the White House.

While no announcement was made of the hour of the ceremony it was understood it will be late in the afternoon. The Rev. Sylvester Beech, the president's pastor in Princeton, and the Rev. Herbert Scott, rector of Mrs. Galt's church here, are expected to officiate.

The formal announcement of the wedding plans was written out by the president himself this morning.

Immediately afterward he left the White House to visit Mrs. Galt. Both have agreed that all the details shall be as simple as possible.

It has been intimated to the diplomats who have made inquiries at the state department that no display in connection with the wedding is desired.

It was also announced that the only guests will be Mrs. Galt's mother, her brothers and sisters, the president's brother and sister, his daughters and the members of his immediate household. No invitations will be issued.

No announcement was made regarding plans for a honeymoon, but it was expected the president and his bride will leave Washington soon after the ceremony for somewhere in the South.

POLICE FIND BOY SICK OR DRUNK; TO INVESTIGATE CASE

Police officers this morning took into custody a boy 14 years old who was found in West Church street, either very ill or suffering from intoxication. It was difficult to determine which. The patrol wagon brought the boy to police headquarters where Dr. Knauss attended him. He was later removed to his home in the Bradley ambulance. An effort being made to learn where the boy secured the liquor, if that was the cause of his condition. When taken into custody he was not in a condition to talk.

B. & O. IS FINED FOR VIOLATION OF CREW LAW

Cleveland, December 4.—Federal Judge John H. Clarke established a new record on fines for the Northern Ohio district court when he assessed the Baltimore & Ohio railroad \$3,500 for seven violations of the hours of service law. This law provides that no train crew can be worked for more than sixteen hours without relief. The evidence adduced showed that a double-header crew of seven men was on active duty for eighteen hours and twenty minutes on December 26, 1914.

JACKSON DAY BANQUET.

At the meeting of the Licking County Democratic club, Friday evening, various committees were appointed to make the necessary arrangements to celebrate St. Jackson's Day in this city. The banquet will be held on or some time near the eighth of January, 1916.

Dust is everywhere, but the worst kind of dust is that which is confined within the four walls of a room. The dust is always germ-laden, because it is infested with effete matter thrown off by human bodies.

MAYOR OF WINNIPEG HAS PLAN TO HELP WOUNDED SOLDIERS

Mayor R. D. Waugh.

The providing of homes for the returned Canadian soldiers is held by Mayor R. D. Waugh of Winnipeg, Manitoba, as the Dominion's most sacred duty to the men who have suffered in the trenches. To this end, Mayor Waugh has outlined a plan which contemplates the establishment of these men upon forty-acre farms in what is known as the Winnipeg Water district, an area north of the city comprising thousands of acres, the land being most fertile.

KNOCKED DOWN BY AUTOMOBILE LAST EVENING

Edward S. Hulshizer, treasurer of the Hulshizer Milling company was knocked down by an automobile at the corner of Church street and Hudson avenue on Friday evening at 5:30 o'clock.

Mr. Hulshizer was on his way home from the mill and was riding his bicycle. At the corner he collided with the machine driven by Mr. Thomas Dupler, meat dealer. Mr. Hulshizer was thrown under the machine which passed over his right leg, and was picked up by the driver and taken to his home 249 West Locust street. Dr. H. H. Postle was called and the examination showed that no bones were broken, but he had been painfully bruised and the ligaments in the right leg were sprained.

SANTA CLAUS ARRIVED IN CITY TODAY

Santa Claus arrived in Newark this afternoon at 12:25 over the B. & O. his reindeer having become exhausted about 11 miles north from here. He was met at the station with a taxicab and to the crowd of boys and girls at the station he distributed about 200 large red tags that read as follows: "Find the boy or girl with the same number as this. Bring them to our store and receive \$1 in toys. The Stewart Bros. & Alward Co. where they will each receive \$1 worth of toys free."

When Santa arrived at the store about 12:30 he was met by another delegation of boys and girls who were expecting him and here he distributed several hundred more tags. The eager boys and girls literally swamped the huge store in their desire to see Santa and to get a tag.

Santa will be at the Stewart Bros. & Alward store from now until Christmas and will be glad to see all boys and girls and will also be glad to consult with their parents as to suitable presents for their children.

CAPT. BOY-ED CONFERS WITH BERNSTORFF

(ASSOCIATED PRESS TELEGRAM)
Washington, December 4.—Captain Boy-Ed naval attaché of the German embassy, whose immediate withdrawal has been requested by the United States came here today for conference with Count Bernstorff, the German ambassador. Captain Franz von Papen, the military attaché of the embassy, whose withdrawal also has been asked is expected to come to Washington soon.

Officials of the German embassy refused to discuss Boy-Ed's visit or any developments of the request by the state department.

Secretary Lansing has not yet decided what action will be taken in the case of the Austro-Hungarian Consul Nuber at New York. The secretary still has the case under consideration.

(ASSOCIATED PRESS TELEGRAM)
Washington, December 4.—The American government today looked to Germany for the immediate recall of Captains Karl Boy-Ed and Franz von Papen, respectively naval and military attachés of the German embassy here, in accordance with Secretary Lansing's request.

Alleged improper activities on the part of the German officers are given for the reason for Secretary Lansing's action.

The case against Boy-Ed and von Papen, although susceptible of legal proof, consisted of complaints since the beginning of the European war, which connected them with attempts to violate American neutrality. The state department regarded the complaints as fully justifying the withdrawal of the attaches from the diplomatic services of Germany in the United States.

The action of Secretary Lansing had the full approval of the president.

This government, it was said today, probably would ask the entente allies for safe conduct for the offending attaches. They are expected to leave at once.

State department officials were considering today what action should be taken in the case of Alexander von Nuber, Austro-Hungarian consul general at New York, whose name has been linked with those of Captains Boy-Ed and von Papen in connection with activities regarded as objectionable by the United States.

The department, it was also said today, is considering whether any action should be taken regarding other higher officials of foreign embassies here.

Engineer Thwarted Attempt to Stop
Train at Place Designated and
Robbers were Felled.

(ASSOCIATED PRESS TELEGRAM)
Little Rock, Ark., Dec. 4.—Two posses today are pursuing the bandits who last night attempted to hold up a southbound passenger train on the Iron Mountain railroad near Malvern, Arkansas.

The holdup, foisted through the coolness of Theodore P. Homard the engineer and so quickly were officers and citizens on the trail, that a battle was fought with them less than three hours later.

Sheriff J. S. Stanley, of Malvern, was wounded in the foot.

Two men climbed on the "blind baggage" into the engine cab, ordered Engineer Homard to stop the train when he saw a campfire. The engineer took his time bringing the train to a halt and the robbers were carried a mile beyond the place where their confederates were supposed to be waiting. Seeing that they were outwitted the men leaped from the train and escaped.

BIG ADVANCE ON MARKET IN WHEAT PRICES

(ASSOCIATED PRESS TELEGRAM)

Chicago, Dec. 4.—Wheat prices made a next extraordinary upward jump today just before the close. Under the impetus of immense buying on the part of the big houses, the market gained more than six cents a bushel in some cases as compared with prices earlier in the day. Rumors of a foreign government order for wheat accompanied the advance.

The close was excited at virtually the top most level of the session 2 7-8 to 3 cents to 5 1-8 cent above yesterday's finish and with December at 116 5-8 and May at 116 1-8.

Reports that Canadian wheat could only be sold to Great Britain or her allies were circulated and the market was also bullishly affected by Philadelphia reports of an immense foreign business in flour and wheat.

Prices reached here previous to the windup for the day were the highest attained so far on this season's crop.

Coin took an upturn when wheat became bullish. The close was firm at 3-8 net advance.

Later a sensational advance took place as a result of active buying on the part of prominent houses. Reports were current that Canadian wheat would not be permitted to go anywhere except to Great Britain or her allies. Philadelphia sent word of a huge export business. The close was excited at 2 7-8 to 3 to 3 1-8 net advance with Dec. at 116 3-8, and May at 116 1-8.

FIGHT IS NOT TO BE URGED OPENING DAY

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 4.—A fight to restrict debate in the senate, Democrats agreed today in conference should not be urged on the opening day of congress and will be postponed until later in the week. In view of this decision Majority Leader Kern telegraphed today to Vice President Marshall at Indianapolis that it will not be necessary for him to be present on the opening day. The vice president wished to delay coming to Washington on account of the illness of Mrs. Marshall.

The session will be called to order and the first business will be the election of Senator Clark of Arkansas, as president pro tempore. When the caucus recessed it was announced that the idea to make a cloture resolution a party measure had been abandoned. The opponents of the effort to limit debate, it was evident were so much in the majority the subject could not be approved by caucus action. It was predicted that a resolution containing some form of revision of the rules would be introduced on Monday and formally be referred to a committee.

Indications are that the friends of cloture will have difficulty in getting favorable action.

Democratic nominations for house committees announced today and which will be laid before the house Monday assure support for President Wilson's national defense program. Republicans on the committees will be announced later.

Five or six new members of the naval committee, "are big navy men," Oscar Calloway of Texas, named to succeed the late Representative Witherspoon of Mississippi, is opposed to any material increase in the navy.

Witherspoon was of the same conviction and the naming of Calloway was in recognition of how Witherspoon would have voted if he had returned to congress. The new members of the military affairs committee are said to be unanimously in favor of a larger army.

Claude Kitchin, chairman of the ways and means committee, is opposed to the program of preparedness but he said today he was satisfied with the personnel of the committee. No opposition developed to Kitchin counting to lead the ways and means committee.

These are the Democratic designations to the army and navy committees:

Naval—Padgett, Tennessee, chairman; Talbott, Maryland; Estopinal, Louisiana; Riordan, New York; Tribble, Georgia; Hensley, Missouri; Buchanan, Illinois; Gray, Indiana; Calloway, Texas; Hart, New Jersey; Connelly, Kansas; Oliver, Alabama; and Libel, Pennsylvania.

Military—Hay, Virginia, chairman; Dent, Alabama; Fields, Kentucky; McKellar, Tennessee; Quinn, Mississippi; Gordon, Ohio; Littlepage, West Virginia; Shallenberger, Nebraska; Farley and Caldwell, of New York; Wise, Georgia; Olney, Massachusetts; and Nichols, South Carolina.

The chairmanships of the larger committees remain unchanged from the last session. Representative Ragsdale of South Carolina who figured prominently as an insurgent of the banking and currency committee last year was not renominated to that committee but was placed on the foreign affairs committee. Thirteen Democrats and eight members of minority parties will compose each of the larger committees.

In Milady's Boudoir

By Gwen Sears

Poor teeth are not only the cause of intense suffering but they are also the obscure cause of many very serious ills. Sound and healthy teeth are necessary to masticate food properly. When the teeth are sensitive, either from natural causes or from softening of the enamel, there is an inclination to go slow and to spare the sick prong, so digestion becomes impaired through favoring the weak. When decay has actually occurred there is a genuine menace to health, since the poisons from decaying matter are extremely noxious, contaminating the secretions and forming pus particles which appear in the blood, showing that the ulceration distributes itself through the entire body.

At the first evidence of decay the wise one goes to the dentist. Twice a year such journey should be made even if the teeth are in normal condition, for the reason that tartar collects and in time will cause trouble of the most serious nature.

A tooth brush, together with a good tooth powder or paste, should be used twice a day. The brush should not be too broad, and it is most effective when slightly curved. The bristles must not be so soft that they will bend, nor so firm as to cause irritation of the gums. Warm water is better than cold, being more solvent.

Extremes of temperature in both food and drink are a menace, also, to the teeth. Mouth breathing has an evil effect upon the teeth since the oxygen of the air decomposes the pyruvic acid of the saliva, which, losing its natural alkalinity, becomes acid and corrosive.

"In what cases should a married woman use her own name?" was the query of Mrs. Newife.

"She always uses her own name except on her visiting card. In business letters she signs her own name with her husband's initials preceded by 'Mrs.' underneath," replied her aunt.

KAISER'S DAUGHTER WITH HER WAR BABY

Duchess Victoria Luise of Brunswick and son Ernest August George.

This is the newest photo of Duchess Victoria Luise of Brunswick, the only daughter of the kaiser, and her infant son Ernest August George, born at Brunswick, March 18, 1914. The youngster was but four months old when his father, Ernest August, the Duke of Brunswick, joined the German forces and since then has seen his father so little that he can be truly called a "war baby."

GAIN SHOWN BY TAX DUPLICATE FOR THIS YEAR

(ASSOCIATED PRESS TELEGRAM)

Columbus, Dec. 4.—The 1915 grand tax duplicate for the entire state, announced today by the tax commission is \$6,270,313,505, as compared with \$6,160,772,679 in 1914, a net gain of \$109,540,826. These figures were based on returns of district assessors, and do not include public utilities.

The net totals for the duplicate on public utilities are as follows: 1915, \$1,122,246,620; 1914, \$1,084,915,330; a net increase of \$27,331,289.

Personal property this year shows a loss from that of last year of \$26,543,221. The real estate gain this year is \$136,084,047.

The state tax commission issued this explanatory statement: "The figures given for 1914 in personal property, do not include the \$311,040,000 reduction made by the courts in the so-called Rockefeller assessment, nor the reduction of \$3,325,500 made in the personal property assessment of a large property owner in Portage county."

"The decrease shown in these tables in person returns is largely due first, to foot and mouth disease and the attendant decrease in the number of animals in the state in 1905 as compared with 1914; second, very largely to the difference in the amount of food and animals on hand on taxing day 1915, which was in April as compared with February in 1914; third the conversion of property which was taxable last year into non-taxable securities."

"The figures given for 1914 do not take cognizance of a decrease of \$11,699,000 made in Hamilton county in 1914, after the district assessors' returns had been made; nor do they take cognizance of several other similar reductions quietly made in 1914 after the district assessors' tables had been given out to the public."

"Since the tables on which the 1915 returns for personal property were compiled increases of over four million dollars have been made in the personal property of Cuyahoga county alone, and it is the belief of the commission that the final result at the end of the year will show little, if any, decrease in the personal property returns for the state."

"In view of the inflated values placed upon much of the personal property of the state a year ago, the commission considers the showing this year, on personal property an exceedingly creditable one."

To the returns above are to be added the figures of the public utilities of the state.

Peruna Has Been A Godsend To Me

I Can Feel Safe In Saying That It Saved My Life

Mrs. Charles Anspaugh, R. R. 7, La-grange, Ind., writes: "Peruna has been a godsend to me. I can feel safe in saying that it saved my life, as I was all run down and was just miserable when I commenced taking your Peruna, but am on the road to recovery now. I cannot thank you too much."

Miss Nettie E. Bogardus, R. F. D. 21, Westfield, N. Y., writes: "I have been a great sufferer from sick headaches, but am now entirely free from that trouble. I would recommend Peruna and Mannitol to all sufferers."

Those who object to liquid medicine can now procure Peruna Tablets.

ATTACHE

OF GERMAN CONSULATE AT SAN FRANCISCO IS UNDER SURVEILLANCE.

Suspicion of Being Implicated in Plot to Destroy Munitions Plants and Ships' Cargoes.

(ASSOCIATED PRESS TELEGRAM)

San Francisco, December 4.—A federal warrant charging Baron George Wilhelm Von Brincken, captain of cavalry in the German army, and attache of the German consulate in this city, with attempting to destroy commerce was given today by the United States marshal's office for service. Von Brincken avoided arrest last night by claiming immunity as a diplomatic attache.

San Francisco, Dec. 4.—Activities of Federal agents who are collecting evidence to present to the grand jury next Monday in connection with the alleged plots to destroy munitions plants and ships with cargoes consigned to the entente allies have brought into the investigation it became known today, Baron George Wilhelm Von Brincken, attache of the German consulate in this city.

Von Brincken admitted that he had been called upon by Federal officials. It was announced that Franz Bopp, German consul in San Francisco had been subpoenaed to appear before the federal grand jury next Monday. Bopp announced his intention of appearing to testify in behalf of C. C. Crowley, arrested last week on a charge of conspiracy in connection with the alleged plots. Bopp admitted the employment of Crowley, but insists that it was for the purpose of gathering information.

Obituary

Mrs. D. P. Burch.

In the passing of Mrs. D. P. Burch of Hebron, whose death has already been noted in these columns, the community has lost one who by her love and kind deeds had endeared herself to the hearts of many. Her death closes a useful life, for she was one who by her kind deeds did much to comfort and relieve those in affliction and trouble, and we believe she did it because of her love to Him who said "Inasmuch as Ye did it unto one of these, My brethren, even these least, Ye did it unto Me." Not only did she help the sick and afflicted of her own community, but she was also for the past nine years one of the vice-presidents of the National Association of the Christian Church and helped and aided in the work of caring for the orphans, the needy, the sick and the aged poor. Of her it can truly be said "Blessed are the dead who die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labors; for their works follow with them."

HENRY H. CARTER, Pastor Church of Christ.

Elyria, Ohio, December 4.—Johnny Kilbane of Cleveland, champion featherweight puglist and his manager, Jimmy Dunn of Cleveland, were indicted by the Lorain county grand jury here for assault and battery on Jack Garvy, a Cleveland fight manager. Your Boys and Girls

The child crippled physically deserves all the help and comfort it is possible to give, but the child crippled morally by lack of training is in a pitiable plight. Often the mother becomes hard pressed by child-bearing and infant-nursing, while the children on their feet are literally pushed into the street, to make

room in the house for their juniors. Children learn by imitation, either in thought or act. The imitation of wrong becomes as much a matter of course or natural sequence to the child as does the imitation of right.

In the matter of "taking things," which becomes stealing if indulged in after baby days, the condition is often but the uninterrupted continuance of the baby habit of reaching out and taking what it wanted.

the failure of Liverpool quotations to reflect yesterday's advance in America. The market here was bearishly affected also by announcement that six railroads to the east had put an embargo of export shipments of flour. After opening a shade to 3-8 to 1-2 lower, the market underwent a material further sag. Fine weather and a prospect of more sent corn prices down grade. Country offerings however, were said to be small. Opening prices, which ranged from 3-8 to 7-8 lower, were followed by a moderate setback. Oats were weak with other grain. The only buying was of a scattered sort on resting orders.
Provisions hardened after some heaviness at the start. Demand was chiefly from shorts.

BRITISH ARE
IN RETREAT IN
MESOPOTAMIA
London, Dec. 4.—The British army in Mesopotamia is in retreat. Official announcement was made today that the forces of Gen. Townsend were retreating to Kut-el-Amara.

The British announcement confirms a Berlin wireless despatch of two days ago to the effect that the British were being forced back in the direction of Kut-el-Amara, 103 miles south of Baghdad. The wireless message quoted an official Turkish report, which said the British had suffered a severe defeat and were fleeing in disorder after losing 5,000 officers and men in three days' fighting. In falling back from the vicinity of Bagdad, it was said, the British attempted to make a stand at Azizi but were again routed.

licity of strange duties during the past three weeks; to "Mother Pierce" for her genial hospitality; to the cook whose smile never came off, throughout what must have been to her, a most trying week; to the "vest" crew whose fine contributions to the campaign was the gift of her labor. In fact, from the president to the cook and the willing maids, the association has blossomed with the spirit of friendly helpfulness and hearty co-operation.

And without, in the community, a bond of Christian service has been forged, which binds the public and the Y. W. C. A. together, in loving parental consideration of the girlhood of the city. Who is so wise that may say that he understands a young girl's dreams and aspirations?

Joseph Conrad writing for "Chance" says: "A young girl you know, is something like a temple, you pass by and wonder what mysterious rites are going on in there? What prayers? What visions? There are no girls who do not have dreams, dreams of deeds of high courage or romantic adventure, but these dreams rarely, if ever, relate to some different or remote life, as it high endeavor never could be obtained in the ordinary life of a girl. Yet the extraordinary thing is that adventure and a fever life can come, in whatever walk of life we find ourselves, and it is the function of the Y. W. C. A. to help a girl to realize her dreams and visions, by relating high courage and high endeavor to her daily life. In making her final bow to the public, the chairman of publicity offers grateful acknowledgment of all service rendered and extends her thanks to all who have contributed to publicity work.

To the press the association is deeply indebted for its splendid gift of service; many many columns of space whose commercial value is very great, have been freely placed at the service of the Y. W. C. A. and the success of the campaign for maintenance must be largely attributed to this gift and to the fine spirit of co-operation which, as back of the gift itself, the slogan of the press is "Boost Newark." The publicity editor having been the recipient of so much kindness and courtesy from the management of the news papers, expresses the wish that the community will follow the lead of the Y. W. C. A. and adopt this slogan, "Boost the Advocate." Boost the American Tribune."

The following persons have contributed to the Y. W. C. A. since the campaign closed Monday night. We hope no names have been omitted. The omission, if any, have not been intentional. We are most anxious to have every name printed: Miss Little Boyd, Mrs. Henry Pfeiffer, Mr. E. A. Shauk.

The classes will all resume regular work next week. There are only two more full weeks before the Christmas vacation. Let's make the most of them.

The class in basket ball will be organized Thursday evening, December 9. For further information in regard to this work call at the Y. W. C. A.

GREECE

mands of Entente Powers and
Economic Measures to be
Applied.

(ASSOCIATED PRESS TELEGRAM)
 Paris, Dec. 4.—The entente pow-
 ers consider Greece is taking too
 long to reflect upon the answer to

 apply again the economic measures

DECISION OF COURT FAVORS THE MINISTER

An opinion was filed this morning
 by Judge Hunter in the case of the
 North Annual Council of Christian
 Union churches vs. Emory T. Ben-
 ton. The petition asked that E. T.
 Benton be deprived of his ordina-
 tion as a minister of the Carmel
 church near Clay Lick, O., and that
 he not be allowed to perform mar-
 riages in the name of the North An-
 nual Council of the Christian Union
 church.

It appears that the North Annual
 Council was incorporated in Ohio
 four years ago and the Carmel
 church would not become one of the
 incorporators and so the North Coun-
 cil entered a protest November 8
 against the minister of the Carmel
 church to prevent him from perform-
 ing marriages and acting as a min-
 ister of the Carmel church. They
 claimed that the ordination was il-
 legal and wished his license revoked.
 The court finds that his ordina-
 tion is legal and that he can perform
 marriages but not in the name of the
 North Annual Council of the Chris-
 tian Union church.

WRESTLING BOUT AT MUSIC HALL NEXT THURSDAY

Paul Bowser and Fritz Howard
 have opened an athletic school at
 the Music Hall in West Main street
 and the first public exhibition will
 be given next Thursday night when
 Bowser will meet Frank Hacken-
 schmidt of Detroit on the wrestling
 mat. The latter has the reputation
 of being one of the best wrestlers
 in the country. Dave Kerr of New
 York and "Eppie" Frenier of this
 city will put on the preliminary.
 At the school, instructions will be
 given in boxing, wrestling and other
 indoor sports. No gambling, drink-
 ing or boisterous conduct will be per-
 mitted in the place.

 and providing equal protection with
 a thinner deposit.
